Dear Dr. Broker:

This is in reply to your letter of March 3 to our Dr. Sommers.

This Council's primary mission is to support laboratory and clinical research of medical problems and we rarely support scientific meetings, as such. However, in view of the importance of the meeting you describe we would be prepared, in this instance, to entertain an application for \$3,500.00 to help defray the travel costs you mention. Such application will require no submission of additional documents.

Please advise accordingly.

Cordially,

Robert F. Gertenbach
